WINEMAKER NOTES	Our 2004 Pinot Noir from the Hyde Family's Sonoma Stage Vineyard is our first Pinot Noir offering. The vineyard is located in the southern most portion of the Sonoma Coast Appellation; a cool region with significant marine influence. Flavors of pomegranate, intense wild strawberry and raspberry mingle with mineral elements, floral hints and smokey notes of tar and earth. The palate has ample weight balanced by a pleasing natural acidity, and finishes with silky tannins and smooth texture.
